

ABOUT US

Founded in 1990, Fibrafort is the premier boat manufacturer in South America, delivering over 17,000 units globally, reaching 43 countries. With the Granfort line, our aim is to explore the world's oceans, providing joy and adventure to boating enthusiasts. Committed to quality and innovation, Fibrafort leads in shaping the nautical industry, guaranteeing extraordinary experiences.

PARTNERSHIP

The collaboration between Fibrafort and Porsche Consulting has enhanced the quality and sophistication of our boats. Leveraging Porsche Consulting's expertise, we've strategically restructured processes and projects, ensuring a commitment to operational excellence.

TECHNOLOGY AND INTERACTIVITY

Your boat smart and connected with you

Rely on the new Fibrafort automation system to access, activate, and monitor your vessel's details with just one touch, whether on the onboard computer or on your phone. Enjoy dynamic and unparalleled navigation.

CABIN

Comfort that surrounds the senses

Enjoy the interior designed for complete coziness, featuring a bed that converts into a table, an amidships bed, bathroom, and support furniture with a microwave.

COCKPIT

Spacious and wide

An environment that offers complete interaction, with side chaise, removable center table, and cockpit bar with cooler, refrigerator, and sink, making your day on board even more memorable.

BOW

The peak of your experience

To fully feel the contact with nature, enjoy a spacious and iconic platform, with speakers and gourmet space composed of barbecue, teak table, sink, and cup holders.

DESIGN

Expressive and imposing

Its fluid lines and unique design make this boat the perfect choice for those who want to sail with style and sophistication, further enriched by singular details such as LED lighting in all environments.

STERN

Versatile navigation

There's nothing like the feeling of the wind on your face while sailing on the 288 GTX lowered bow. Enjoy this part on the boat, which features a sound console, several handrails, and a passage with exemplary safety.

DIFFERENTIALS
